PROFESSIONAL EXPERIENCE

Operations & Supply Chain Lead | ACS Cargo CR LLC / ACS Logistic 2024 – Present

International courier specializing in import/export operations between the United States and Costa Rica.

- Direct end-to-end supply chain operations handling 75,000+ kg and 60,000+ packages monthly across U.S.–Costa Rica trade lanes.
- Oversee full import nationalization, customs clearance, and last-mile delivery ensuring regulatory compliance and on-time cargo release.
- Manage daily coordination of 150+ client interactions via WhatsApp, leading a 5-person customer service and delivery team.
- Handle complex customer escalations and regulatory disputes under Ley 7472 (Consumer Protection Law) coordinated with MEIC.
- Direct supplier and carrier relationships, negotiating contracts and delivery schedules to optimize cost-to-service ratio.
- Deploy inventory control systems and operational KPIs to reduce surplus, prevent shortages, and improve forecast accuracy.
- Apply Lean and Six Sigma principles to identify inefficiencies and drive continuous improvement initiatives.

Scrum Master / Project Manager | Marketsource SRL 2023 – 2024

Technology company; project: development of a financial infrastructure and payment processing platform.

- Led 3 cross-functional development teams (15 people total) building a financial infrastructure and payment processing platform.
- Introduced Agile methodologies (Scrum and Kanban), achieving a 95% increase in measured team efficiency.
- Managed full sprint lifecycle: backlog refinement, estimation, sprint planning, daily stand-ups, reviews, and retrospectives.
- Tracked delivery performance through Agile metrics (velocity, burndown charts, cycle time) to drive process optimization.
- Coached team members on Agile practices, conflict resolution, and collaborative work patterns.

Preauthorizations & Admitting Specialist | UCB Inc. 2021 – 2023

Remote specialist supporting insurance preauthorization workflows for Cleveland Clinic Florida — operated entirely in English.

- Processed high-volume insurance preauthorization cases daily, consistently meeting and exceeding individual case quotas and monthly targets to qualify for performance bonuses.
- Coordinated with insurance providers, clinical teams, and patient services to ensure timely admissions approvals in a zero-error compliance environment.
- Operated 100% remotely in English across U.S. healthcare systems, navigating complex insurance regulations and multi-stakeholder workflows.
- Maintained accuracy and turnaround standards aligned with Cleveland Clinic's quality benchmarks.

Customer Service Representative | Farmacia (Retail)

2019 – 2021

Front-line customer service in a high-traffic retail pharmacy environment.

- Delivered daily customer service across a high-volume retail environment, managing transactions, product inquiries, and complaint resolution.
